RE: Alleged Threat

Dear Parents,

Pineywoods Community Academy received information from students that one of our students allegedly made a statement that students would know what was happening when they hear the bang. We are currently investigating the situation and do not believe this to be a tangible threat to the security of our school. Lufkin Police Department has been notified and will continue to investigate the allegation with the assistance of PCA administrators. The student in question has been removed pending the outcome of this investigation.

PCA administrators will continue to monitor the situation. At this time we do not have information concerning a direct threat towards any individuals. We will keep you informed if this current investigation presents a threat to our students or staff.

Pineywoods Community Academy administrators take every threat or alleged threat seriously and will investigate accordingly. We are thankful that students speak up when they hear or see something that causes concern.

Respectfully,

Ken Vaughn
Director
Pineywoods Community Academy
