January 26, 2018

Dear Parent or Guardian:

In order to protect our students and staff, we ask that parents drop students off using the car line at the South end of the building. Parents should enter the driveway off Raguet where morning monitors will assist students exiting the cars as well as monitor students entering the building. We ask that you remain in the flow of traffic. Our car line is open starting at 7:15 a.m. until 7:55 a.m. Please ensure that students are prepared to exit the car with all of their belongings.

Lufkin Police Department is monitoring traffic flow on South Raguet. Afternoon pick-up should only occur on the PCA side of the street. Stopping, standing, and parking may become a citable offense for those blocking traffic by stopping on the Lufkin Industry side of the street.

We would like to remind everyone that cell phone use in a school zone is a violation of state law.

Please help us keep everyone safe by following our drop off/pick up procedures. The safety of PCA parents, students, and staff is our utmost concern in implementing these procedures.

Thank you,

Pineywoods Community Academy
