December 2018 Agenda link

Designated Early College High Schools in Texas are required to have a connection with a liaison who works for the institution of higher learning who has both the interests of the IHE and the ECHS at heart. The PARAMUS ECHS liaison is Philip Johnson. Mr. Johnson and the ECHS principal and Facilitator share an open communication. The ECHS may call on the liaison with questions regarding scheduling, support, and other areas regarding students in which questions or dilemmas arise. The liaison is the first line of communication in any area regarding issues that involve students on AC campus. For fall of 2018, regular meetings are planned on the 2nd Wednesday of each month between the liaison and ECHS principal,
